

# Carers Forum Wandsworth

Establish an independent Carers group

Run by Carers

Open to all Carers

Sound interesting?

Wandsworth Carers' Centre is keen to help Carers get their own **Carer-led forum** up and running. **We are not here to lead** the work but are **willing to help arrange initial meetings** to enable you, as a group of **Carers working together**, come up with your own plans on how you want the group to operate and **what you want it to achieve**.

You decide:

- When the group meets...
- Where it meets...
- What you do in the meetings...
- How you want it to make a difference...
- Which services you might want to link with...
- Which issues you feel are important...
- What the group is called...

For more information of the initial meeting  
contact: Daniel on 0208 675 0811
